11. Acquisition of student residence status

Non-Japanese students must obtain the residence status in order to study in a college or university in Japan. Students cannot be enrolled in a college or university with the status of residence as Temporary Visitor. Students can be admitted to a college or university with the status of residence as Dependent or Long-term Resident. Yet, students with the status of residence other than Student are not eligible for assistance programs or scholarships for international students.

1) Applicants who reside outside of Japan at the time of enrollment procedure

Applicants who reside outside of Japan at the time of the enrollment procedure must select either of the following for application.

(1) Applicants who request Hosei University to apply as an agent

Hosei University applies for the Certificate of Eligibility, which is required for a student visa, if an applicant does not have an agent to do so (a sponsor or a relative who pays living expenses in Japan). In such cases, send the following documents required for the procedure to Hosei University along with application documents at the time of application. Hosei University does not submit an agent application if the required documents are not enclosed at the time of the application. Hosei University does not return admission fees even when an applicant fails to obtain a student visa and cannot be enrolled in Hosei University.

Applicants must understand that the Certificate of Eligibility may not be issued even when Hosei University applies for it as an agent. Hosei University does not return documents submitted to the university regardless of whether an applicant is accepted or rejected.

Hosei University requests the submission of these documents at the time of application because it will be too late to start the application procedure after enrollment; the timing is irrelevant to the acceptance or rejection in the screening.

* Hosei University cannot submit an agent application if the documents have mistakes or insufficient information.

◆ Documents required for the application procedure

- [1] Request Form for COE Application by Hosei University (the form can be downloaded from <http://exam.52school.com/guide/hosei-ebdp/guidebook/>)
- [2] One photo
- [3] Copy of a passport (the page with a photo)
- [4] Other (See *Note*.)

(2) Applicants who request someone living in Japan to apply as an agent

Send one photo of the applicant to the person who serves as the agent for the application and request the following①, ②, and ③. The agent must be a sponsor who pays the living expenses in Japan or a relative living in Japan.

① The agent who received the Certificate of Admission must immediately submit the following documents to the Immigration Bureau and apply for the Certificate of Eligibility as an agent of the applicant to apply for a student visa. (All documents must be prepared within the past six months.)

- [1] Application for Certificate of Eligibility (three pages of the form designated by the Immigration Bureau to be completed by the applicant and two pages to be filled in by the organization to which the

applicant belongs)

* Hosei University fills in the last two pages (to be filled in by the organization to which the applicant belongs). Apply for this procedure at Hosei University well in advance before the application at the Immigration Bureau.

* The entry form is available on the Immigration Bureau website for download.

Immigration Bureau website: <http://www.immi-moj.go.jp/>

(Entry form: <http://www.moj.go.jp/ONLINE/IMMIGRATION/16-1-1.html>)

[2] One photo (paste a photo 4 cm long and 3 cm wide onto the application [1].)

[3] A self-addressed stamped envelope (paste a 392-JPY stamp for registered mail onto the envelope and write the address of the agent to which the Certificate of Eligibility is sent.)

[4] Other (See *Note.*)

② The Immigration Bureau usually sends the Certificate of Eligibility to an agent about 1.5 months after the application. The agent who received the Certificate of Eligibility must immediately send it to the applicant using international express mail so that the applicant can apply for a student visa.

③ The applicant must present the Certificate of Eligibility and a passport to a nearest Japanese Embassy or Consulate and receive a student visa.

2) **Applicants who reside in Japan at the time of the enrollment procedure**

Applicants living in Japan who received the Certificate of Admission must immediately bring a passport, resident card, or alien registration certificate to the nearby Immigration Bureau and apply for the status of student residence.

(1) **For those who have the “dependent” or other status to apply for the “Student” residence status**

Attach the following documents. (These documents must be prepared within the previous six months.)

[1] Application for permission to change the status of residence (three pages of the form designated by the Immigration Bureau to be filled in by the applicant and two pages to be filled in by the organization to which the applicant belongs)

[2] The Certificate of Admission or its copy (The original must be presented in order to use a copy.)

[3] Other (See *Note.*)

(2) **For those who have the “Temporary Visitor” residence status to apply for the “Student” residence status** (also for those who entered Japan from a country with a visa waiver agreement with Japan to apply for the “Student” residence status):

To apply for changing the status of residence from “Temporary Visitor” to “Student,” the applicant must first apply for a Certificate of Eligibility as Student at the nearest Immigration Bureau. Once the Certificate of Eligibility is issued, bring it to the nearest Immigration Bureau to apply for permission to change the status of residence. If an applicant cannot apply for permission to change the status in Japan, apply for a student visa at a Japanese Embassy or Consulate outside of Japan as soon as the Certificate of Eligibility is issued. Attach the following documents (prepared within the past six months) to apply for the Certificate of Eligibility.

[1] Application for Certificate of Eligibility (three pages of the form designated by the Immigration Bureau to be filled in by the applicant and two pages to be filled in by an organization to which the applicant belongs)

* Hosei University prepares the last two pages (completed by the organization to which the applicant belongs). Apply for this procedure at Hosei University well in advance before application at the Immigration Bureau.

*The entry form is available on the Immigration Bureau website for download.

- [3] A self-addressed stamped envelope (paste a 392-JPY stamp for registered mail onto the envelope and write a return address to which the Certificate of Eligibility will be sent (Japanese address only).)
- [4] Other (See *Note*.)
